Basic Operations

◆*Turn On/Off the unit*

Press the ⬭^{ON/OFF} key to turn on the unit. The screen viewed last time will appear (resume function).

In another way, press any mode key of each dictionary to turn on the unit, and the initial screen of a chosen dictionary will be shown up. With the screen being turned on, press ⬭^{ON/OFF} to turn off the unit (The unit itself will automatically turn off to save energies/batteries in case it has not been used for a certain period. [Auto power off function]).
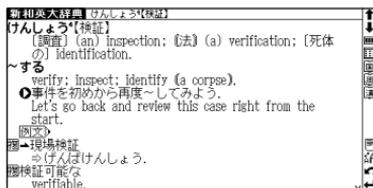

◆*Move the Cursor and Select an item in the Menu*

Use the cursor keys to move the cursor up, down, from left to right to select dictionary in the menu or to select the input box of the search screen. A chosen dictionary will be highlighted as seen on the right.

On the menu screen, when each dictionary is selected and 訳·決定 is pressed, a search screen of a chosen dictionary will appear.

◆*Search*

Move the cursor to select an input box. Enter a searching word or phrase with the character input keys, and a list of matched entry words/phrases will be displayed on left side. The preview of a chosen entry word on the list is displayed on right side. Move the cursor to select entry word/phrases from the list and press 訳·決定 to display the search result screen for the word/phrase.

* Press 文字サイズ to change the text display size.

◆*Scroll Screen*

The arrows ↑↓ on a screen indicate that the contents of the screen cannot be fully displayed. Press (∧) /(∨) to scroll up down one line at a time of the screen. When a search result screen is displayed, press (>) to scroll forward to the next screen of text or press (<) to scroll backward to the previous screen of text. When a list and preview is displayed, press 前見出し(∧) to display the previous list or press 次見出し(∨) to display next list of matched entry words/phrases. When a search result screen is displayed, press 前見出し(∧) to display the search result screen for previous entry or 次見出し(∨) to display the search result screen for next entry in the current dictionary.

◆*Display Example Sentences or Reference*

When 例文, EXAMPLE or LIST appears on the search result screen, press 訳・決定 to display the example sentences or reference. Press 訳・決定 again to hide them.
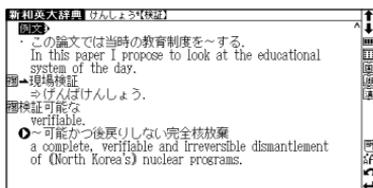

◆*Return to the list of matched entries*

While a search result screen is displayed, press 戻る to return to the list of matched entries.

◆*View Explanatory Note of Dictionaries*

When ⇨凡例 is displayed on the left side of the search screen of each dictionary screen, explanation notes are available. Move the cursor on the search screen, select ⇨凡例 and press 訳・決定 to display the screen of the explanatory notes.

---

* *Switch the Display Language*

At the Setup menu screen, the display language can be switched between Japanese and English. The Setup menu screen can be displayed from the Menu screen.

Wildcard Search Function

Entering an asterisk " ＊ " or a question mark " ？ " allows to search for spellings or vaguely remembered words. In addition, putting an asterisk " ＊ " at the beginning of a word or phrase makes it possible to search reversely for entry words that are generated from the word.

> **Examples-**
> "chr＊m" - Words starting with "chr" and ending with "m", such as "chrism", "chrysanthemum", etc.
> "＊そら" - Words ending with "そら", such as "あまつそら", "うわのそら", etc.
> "b?lieve" – Unclear whether the second letter in "believe" is an "i" or "e".
> " ＊ " represents unlimited number of letters; "?" represents a single letter.

Spell-check Function

When an English word is entered in the input box at a search result screen, press [スペル] to check the spelling of the word. A list of matched words with the same spelling or similar spellings will be displayed.

History Function

With the search screen of a dictionary or a search result screen displayed, press [履歴] to display the list of words previously searched in the dictionary. At the history list screen, press [登録削除] to delete listed words.

Bookmark Function

① Press [ブックマーク] on the search result screen to bookmark the displayed text.

② With the search screen of a dictionary or a search result screen displayed, press [ブックマーク] to display a list of bookmarked parts in the dictionary. From the list, select a bookmarked part to display, and then press [訳・決定] to recall the registered part.
